History is an argument about how to interpret the past, but students often think of it as a timeline of events or a straightforward set of facts. To counteract this, I emphasize in my classes that the past cannot be examined without interpretation, and that historians will arrive at different, and often conflicting, conclusions.

History is an Argument | TeachArchives.org

In the field of classical studies, it often refers to the assertion that an author is ignorant of a subject, based on the lack of references to it in the author's available writings. Thus in historical analysis with an argument from silence, the absence of a reference to an event or a document is used to cast doubt on the event not mentioned.
