The definition of a door is a movable structure used for opening and closing an entrance or for giving access to something. An example of a door is what someone would open to get into their house.

**DOOR | 18 Definitions of Door - YourDictionary**  
A car door is a type of door, typically hinged, but sometimes attached by other mechanisms such as tracks, in front of an opening which is used for entering and exiting a vehicle. A vehicle door can be opened to provide access to the opening, or closed to secure it. These doors can be opened manually, or powered electronically.

**Car door - Wikipedia**  
These doors can last for decades if treated gently, but can be dented or punctured if hit hard. A door with a lauan mahogany veneer is the least expensive but will soak up paint like a sponge. It often pays in the long run to buy a door with oak or birch veneer. Often the most affordable choice is a stamped hardboard interior door.
