Amazon.com: New Venture Management: The Entrepreneur's

Unlike traditional textbooks, New Venture Management is smart about introducing the most critical concepts without overloading readers with extraneous content. Unlike popular press books, New Venture Management is deeply grounded in quality research that extends far beyond the authors' personal war stories. In my view, this book is ideal for students who wants to both understand the key concepts and translate this knowledge into real-world skills for managing new ventures.'

New Venture Management: The Entrepreneur's Roadmap 1st

Overview. This book offers students a comprehensive, accessible guide to launching and managing a new venture. Beginning with the planning process and continuing to marketing, financing, and growth, it gives students the insights and practical skills they need to be successful entrepreneurs. This edition's structure aligns more logically with the venture's lifecycle, so the reader is equipped to develop a strong business model.

New Venture Management: The Entrepreneur's Roadmap by

The growth of any new business venture is a product of both the opportunity selection and management factors. The true mark of a good venture is how it manages growth and whether it can sustain it. Centralized decision making and informal controls characterize entrepreneurial management.
